

# How to manage commercial waste

## 1 SORT

### SORTING AND COLLECTING WASTE AND RECYCLING

Sort the different types of waste at source

## 2 COLLECT

GLASS

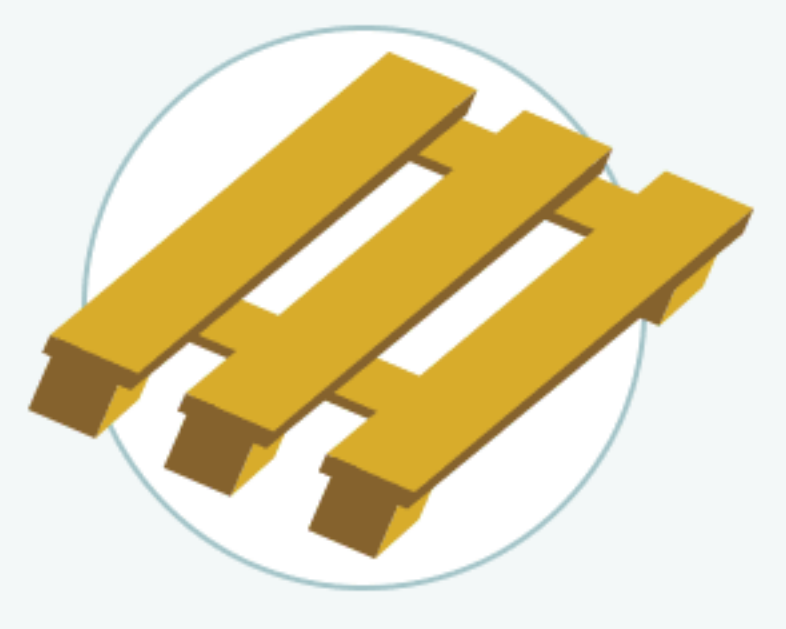

METAL

PAPER &  
CARDBOARD

PLASTIC

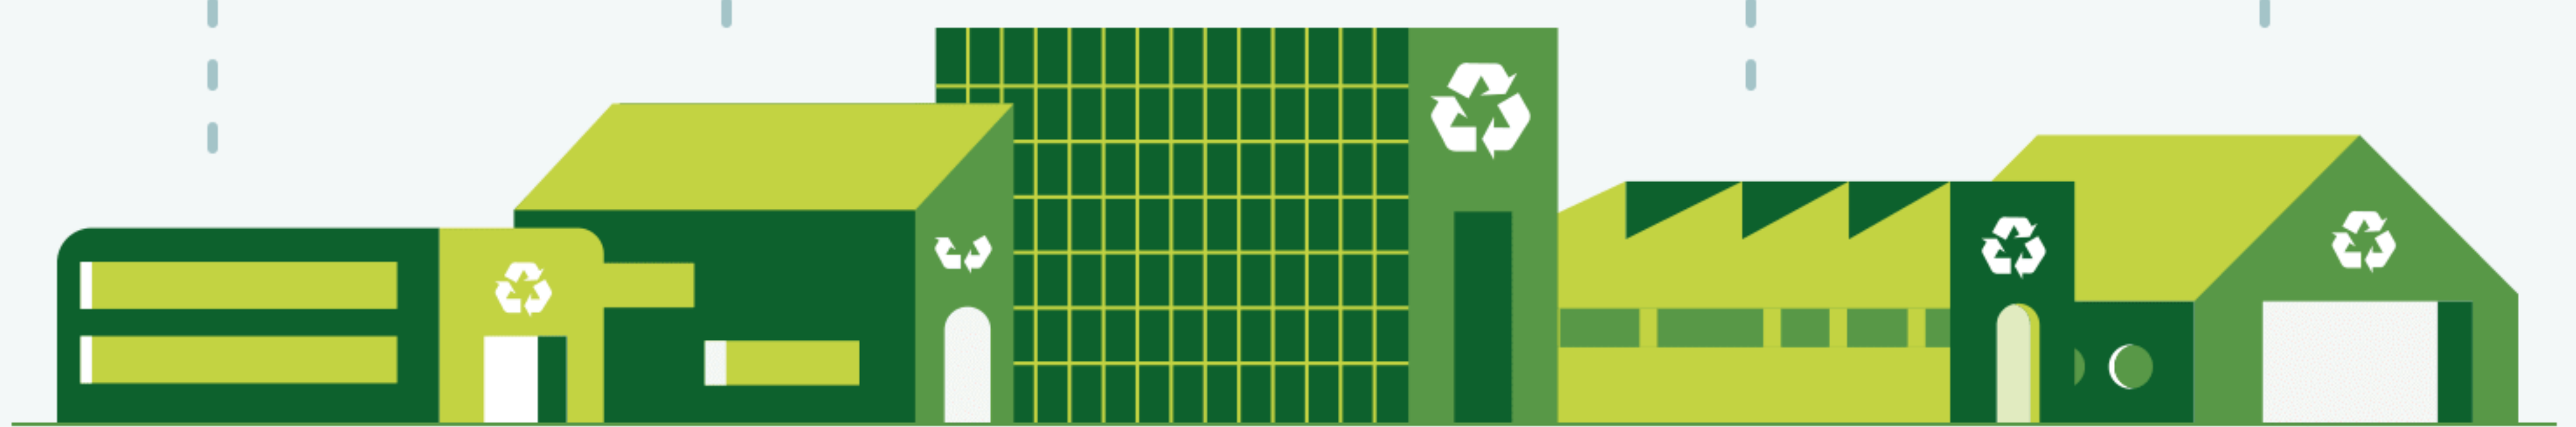

WOOD

Local councils collect household waste and recycling, businesses use a private waste management company or some councils provide commercial waste and recycling services.

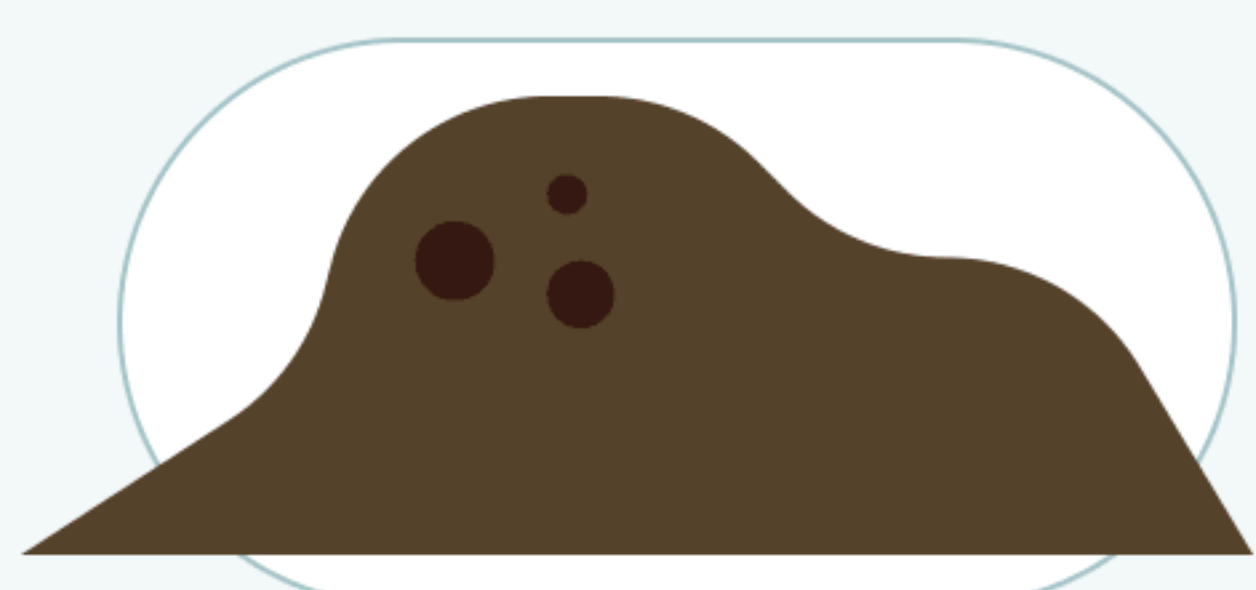

## 3 RECYCLE

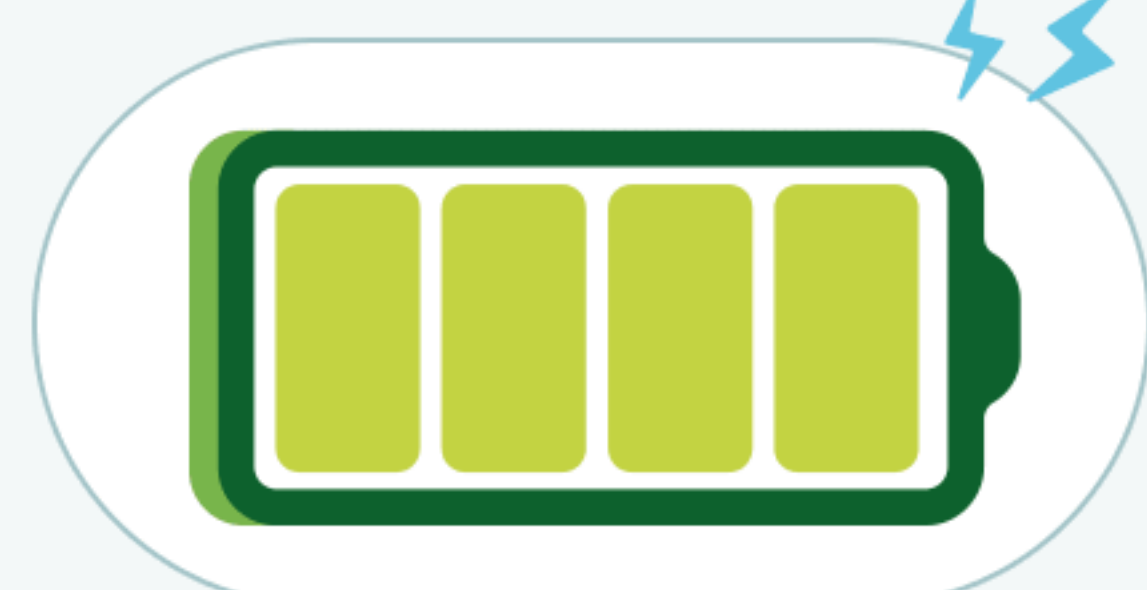

### RECYCLING CENTRE

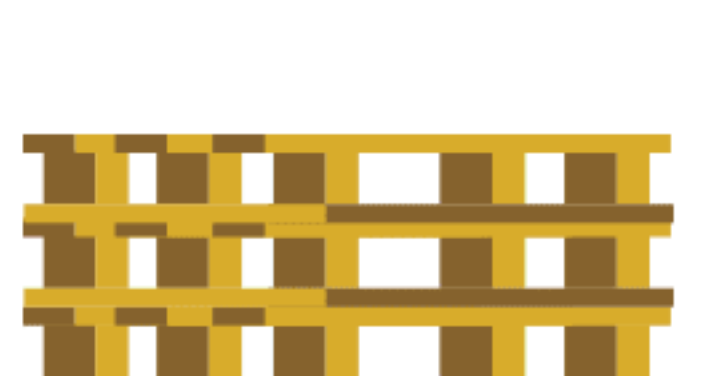

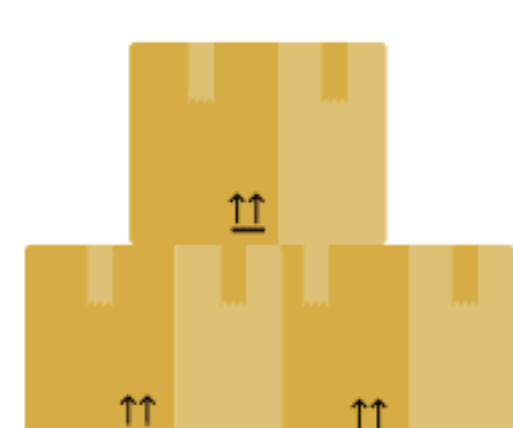

All waste is taken to the recycling centre to be sorted and processed into component parts, ready to be recycled.
