

Product choice guide

Fast to assemble, saving packing time!
Save on your postal costs!
Packages delivered first time!

We have selected a range of practical and adaptable small and medium sized packaging used by major internet retailers for their unique features:

**Find more information
about postal mail format UK
at rajapack.co.uk**

- **Time saving:**

Fast and easy packaging for hand packing through efficient design: automatic crash-lock bases, self-seal closures, integrated cushioning...

- **Postal cost savings:**

Sizes developed to match the lowest mailing tariff as 'large letter' or 'small parcel' packaging.

- **Large letter postal tariff:**

the lowest cost mailing tariff from Royal Mail to dispatch small and light products: accepts packages up to 353 mm length x 250 mm width x 25 mm height (external sizes) and 750 g.

Fits large letter postal tariff

- **Small parcel postal tariff:** the most popular and cost effective tariff from Royal Mail to send small to medium products: accepts packages up to 450 mm length x 350 width x 160 height mm (external sizes) and 2 kg.

Fits small parcel postal tariff

- **Improving customer satisfaction:**

- **Letterbox sized packaging** allows your customer to get their packages delivered through their door as it fits the UK standard letterbox measuring 260 mm width x 45 mm height.

This will save the Royal Mail or carrier company from having to leave a missed delivery card for your customer, and guarantees delivery first time.

Fits standard letterboxes

- **Easy to open packaging** with a tear-off strip on most products.

- **Quality packaging** to prevent product damage and reduce returns.
